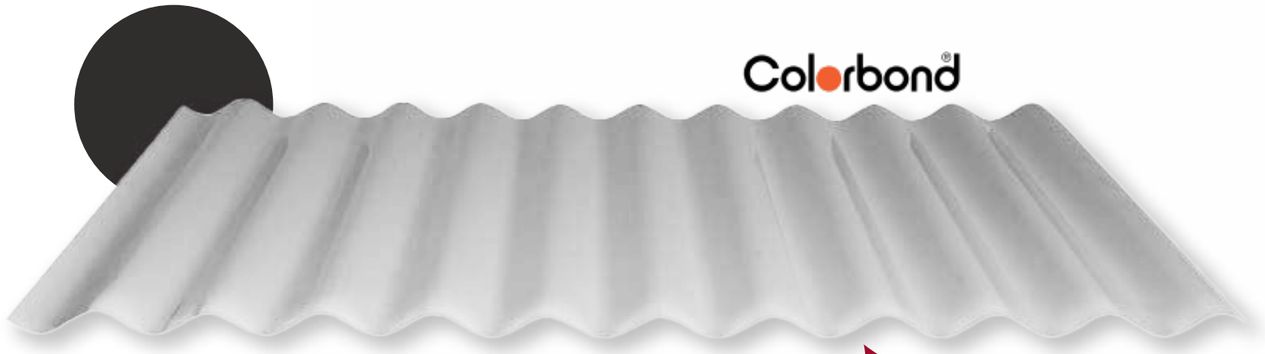
What You'll Receive

Your Premium Home Upgrade

Receive a complete upgrade to genuine COLORBOND® steel roofing—Australia's most trusted roof, refined over 50 years. An investment that protects your family's home for decades to come.



Why COLORBOND® Steel?

The Best of Australian Quality

COLORBOND® steel isn't just a roof—it's an enduring investment in your home's future. Made in Australia, for Australian conditions, with technology that works.

Battle-Tested Durability

Five layers of protection with Activate® technology. Designed to withstand Australia's extreme heat, storms, and coastal conditions.

Sustainable Choice

100% recyclable with recycled content. COLORBOND® steel's proven longevity means fewer resources used over your home's lifetime.

Thermatech® Cooling

Solar reflectance technology that helps keep your home cooler in summer, reducing energy costs and increasing comfort year-round.

Your Choice Of Colours

22 Beautiful Shades To Suit Your Style

From light, energy-efficient pale tones to bold, statement-making deep colours— find the perfect shade to complement your home's architecture and surroundings.

Pale Tones

Light & Energy Efficient
